The results displayed on this report are representative of the samples received for testing and may not indicate the entire manufacturing batch or lot. All testing is performed under strict GLP to ensure accuracy. This report is intended to be submitted to the client addressed above and may not be reproduced or used in any advertising or sale of any product or process without written authorization. Delta Labs of South Florida is a Perry Johnson ISO 17025:2017 accredited testing laboratory. All ISO 17025 requirements and practices were followed during the testing, reporting and processing of the aforementioned product. The scope of accreditation can be found in the PJLA websites.
